INDEPENDENT AUDITOR'S REPORT

To the Members of COMMITMENT FINANCE LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of COMMITMENT FINANCE LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2014, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 (the Act) read with the General Circular 15/2013 dated 13 September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act 2013 and in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014; and
- (b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the ash flows for the year ended on that date.

Notes on financial statements for the year ended 31st March, 2014

1 Significant accounting policies

a) Basis of accounting and preparation of financial statements

The financial statements have been prepared to comply in all material respects with the Accounting Standards notified by the Companies Accounting Standards Rules, 2006 and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which provision for impairment is made and revaluation is carried out. The accounting policies applied by the Company are consistent with those used in the previous year.

b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c) Fixed assets

Fixed assets are stated at cost of acquisition inclusive of duties (net of CENVAT and other credits, wherever applicable), taxes, incidental expenses, erection / commissioning expenses and borrowing costs etc. up to the date the assets are ready for their intended use.

d) Depreciation

Depreciation on Fixed Assets is provided on straight line method at the rates prescribed in Schedule XIV of the Companies Act, 1956 or at rates determined based on the useful life of the assets, whichever is higher.

In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.

e) Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost, but provision for diminution in value is made to recognise a decline other than temporary in the value of such investments.

f) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

g) Earnings per share

Earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders, by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period are adjusted for the effects of all diluted potential equity shares.

DIN 105314870

h) Taxation

Tax expense comprises of current and deferred tax.

Current income-tax are measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961.

Deferred tax is recognized on a prudent basis for timing differences, being difference between taxable and accounting income/expenditure that originate in one period and are capable of reversal in one or more subsequent period(s). Deferred tax asset is recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that such asset can be realised against future taxable income. Unrecognised deferred tax asset of earlier periods are re-assessed and recognised to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realised.

i) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

j) Contingent liabilities

Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty, are treated as contingent and disclosed by way of notes to the accounts.

I) Provisions

A provision is recognised when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance date and adjusted to reflect the current best estimates.
